

## RD Certificate Number: EWW319B

### Tyvec Supro Plus roofing membrane

#### Description

Tyvec Supro Plus roofing membrane is a Roof Tile Underlay for use in warm non-ventilated and cold non-ventilated pitched roof systems.

#### Scope of Registration

A vapour permeable membrane manufactured by spinning strands of high-density polyethylene (PE-HD) and bonding them together with heat and pressure to form a flexible sheet. The product comes with an integral self adhesive tape and will prevent the ingress of wind-blown rain or snow if correctly installed.

#### Validity

This system has been checked for compliance in accordance with English and Welsh Building Regulations. LABC Warranty also accepts its use when installed and used in accordance with and in relation to LABC Warranty's current Technical Standards.

Registration was first issued on 11/02/13 and is valid until 01/01/19 providing there are no amendments to applicable regulations.

**Issue dated** 23/03/2016
